

Admission

Dear friends of the **MUSTANG MAKEOVER**,

### Information on hygiene, distance, cough/sneezing label, mask, etc.

Your health and the health of everyone involved is very important to us. Therefore we have developed a hygiene concept to ensure maximum safety for everyone. In this plan we have summarized all important points. Please follow the following rules. We will keep you informed about updates.

Please prepare  
your tickets

### Do you feel ill or did you have contact with ill persons

If you feel ill, contact to suspected cases or already confirmed Corona cases (SARS-Cov-2), or if you have recently returned from a risk area defined by the Robert Koch Institute and do not have confirmation that you are not infected, you are not allowed to enter the premises, out of consideration for other guests and employees. Please contact our team.

Sneeze into  
your elbow

### The minimum distance and guidance

The legal minimum distance of 1.5 m applies on the premises. We ask you to strictly observe this. We have set up a color guidance system on the premises and in the event areas. Markings and signs will guide you. Please observe any one-way street regulations, markings etc.

Wear a mask

### Remember the mask and please pay attention to the sneezing and coughing label

On the entire site, masks are required by the health authorities. It can be taken off at the seating area and during meals (specified areas). For the exemption from wearing a mask the legal regulations apply.

Disinfection Station

### You can take off the mask at your seat

You have distance to the 'foreign' seat neighbor. We always recommend a Mask to wear when you are unsure.

1.5 Meters distance

### Attention when eating food

This is only permitted on the designated areas in the MUSTANG MALL. You must enter your seat number and the time (from-to) in the list. Data and infection protection (traceability) are thus guaranteed.

### Disinfect and wash your hands regularly

In many areas (see plan) we have provided free disinfectant dispensers for you - please use them regularly.

Please wash  
your hands

### Respect all safety regulations

For the protection of all, please take care at the entrance, when entering closed rooms, when shopping and serving drinks and food distance and wearing the mask. When you arrive at the table or your seat, you can take off the mask.

### We ventilate and clean for you

Enclosed rooms are regularly ventilated and sensitive areas are disinfected with suitable means.

1.5 Meters distance

### Tracking and contact details

We guarantee the complete traceability of all parties involved through traceable lists. In doing so, we naturally observe the applicable data protection laws and proportionality.
